pent up desire

Pent up desire,

I whispered in her ears, as we lock eyes on each other, she is hot like the flames of hell, oh well this is good, i knew we made a love connection, by her quick reactions so our hearts,

smile as we gently touch each other, slowly we were all over each other, like a dog in heat, i touch, her hands and compliment her feet, suddenly we both feeling on each other, i squeezing, on her roundbooty delicious rear,

stroking her velvet hair, rubbing her sex body, getting her hotter than larva, kissing her sweet lips, and inner thighs, love is in the air, i can feel it, i swear, i kissed her tenderly some more on her neck, Oh her fragrance is like

afresh, bed of egyptian roses, enough to drive me wild, my animalistic ways came out, and so does hers, i was love struck, and stock with pent up desires and lustful emotions, i couldn't stop feeling

on her chest and, licking her breast, glued on like the cling on's, she was sucking on my shaft like a newborn, her lips feels like warm sensation, like the taste

of raspberry red wine, as i peeled her clothes off, like a wild lion on a pray, i picked her up and threw her on the bed, spreading her pretty

legs wide open, as i peel and tear her silky under wear. Pent up desire, took over, we both on fire two untame cage animals wanting each other, like no other.

I roar like a lion taking control of my pray, i insert my shaft as i go deep and deeper into her pleasure box, she is on top, moans and groan in ecstasy almost like a fantasy, splash, its coming she said its the big oooooooooo

im coming, oooooo ecstasy, we just can't stop, her eyes roll back, in her head she is in a zone, i think i am about to explored, my heavy load, all my love nectar deep into her abyss, pent up desire she's got my soul on fire.

hot and sticky every drop inside her.
