simply Inseparable

simply inseparable,

Inseparable that's what we are, together oh so happy in love, she is giving me her attention, and affection, oh it feels so wonderful to hold her close,

i like the fact that she is so sweet, sexy, kind, silly, and witty with the most dreamy eyes, she is the phrase and rhyme of a love song, a melody that stays on my mind.

every time, she is the object of my desire, she sets my heart and soul on fire, her characteristics is that of an angel, i like the way she loves me from head to toe, each time, we snuggled.

oh it feels like a forever dream, don't wake me, cuz we are simply inseparable, i like to gaze into her beautiful pearly eyes, her touch is like silk, oh my love, my dear, you're the best thing that ever happened to me.

oh my love, we are simply inseparable. much more than impressionable, i love you, i need you, my heart will always be with you, inseparable.
