Soon, they will become Defiant

Soon, they will become Defiant

There isnâ€™t much left,

The skies didnâ€™t shift,

The wind is silent,

Waiting for the moment

The queue to move!

But, for now everything is silent.

Soon, they will become defiant.

Soon, I will look into your eyes

And see the sea of endless possibilities.

Filled with â€ˆ hellosâ€ˆ and â€ˆ goodbyesâ€ˆ

That never tends to darken the night

And forever feeling the warmth of your embrace for the first time!

Soon, they will become Defiant

Soon, they will become Defiant
