# How Can You Read My Heart?

How can you read my heart  
with such ease and mastery?  
You find those tender spots  
that fear hidden inside of me.

Do my eyes, the mirrorâs soul  
reveal those secrets and desire?  
You know things instinctively  
all my sorrow and passionâs fire.

I may never find those answers  
But still I am content in knowing  
Your love is here for me always  
and each new day it keeps growing.
