Letting Go Is Not Like Moving On

We had love, I thought about him every day
He broke my heart, but I was there to stay
Problems gathered, so he walked away
But our paths crossed yet again today

He asked â was it so easy moving on from me?
Was it so easy to find happiness and forget about me?â

I wondered why!
Arenâ t my eyes giving me away?
wasnâ t it so obvious in them?
Couldnâ t he tell that I was longing for him?

So I simply replied
â If I wasnâ t laughing, I would have cried
Seeing you every day with another girl
The way you looked at me, you now look at herâ

With sorrow in his eyes, he said
â Feeling like Iâ m left on the shelf
And in order to keep my health
They help me forget what I regret
Because If I donâ t forget
I would be deadâ

He saw the girl and with a big smile he said hey
So I laughed loudly and went on my way.
