First Times ...

Â

Â Â Â First timesâ :

Â .

Â .

The first time I saw you

Every one of my senses

Was held prisoner by you

Not wanting to be released

Â .

The first time I spoke to you,

My words were garbled in

Anticipation of your response

I never forgot anything you said

Â .

The first time we were alone

My mind went wild with

Imagined fantasy about us

My sensual parts ached for you

Â .

The first time we kissed

I wanted to surrender to you

Completely, I wanted you to

Take all of me right there

.

First Times ...

First Times ...

The first time you said I love you

I lost myself in your world

My heart and soul were

Aglow with loving warmth

Â .

Â

The first time you touched me

Where I was most guarded

My defenses crumbled and

I shivered with wanton desire

.Â

The first time I saw you naked

I longed to explore your body

I wanted to fuse my flesh

To you so we would become one

Â .

The first time we had intercourse

We were ready, the time was right

You said you knew how, to relax me

I Knew you lied, I loved you for it

Â

First Times ...
