How NOT to pick up a girl..

A brash and cocky boy just hit on me

His self- confidence was easy to see

â Hey baby, you looking for a man?â

â I can show you things, nobody can!â

He was handsome with dark brown hair

He swaggered as he walked with flair

He was muscular and had a killer smile

Dreamy green eyes like the emerald isle

He looked to be about in his late teens

Wearing a sport shirt and faded jeans

I looked into his eyes and smiled wide

â What did you have in mind?â I replied

â Come to my place for music and a drinkâ

â Itâ ll be a good timeâ , he said with a wink

I already knew I would not go with him

But he looked so cute with his boyish grin

â So tell me, just what makes you a man?â

â And what exactly, you have for a plan?â

â Iâ ve got eight inches here in my pantsâ

How NOT to pick up a girl..

â It can be yours, if you take the chanceâ

He went from handsome to very crass

So I decided to chastise his young ass

â Size of a dick does not make a manâ

His smile dropped as soon as I began

â A man treats a woman with respectâ

â Not like an object to use and neglectâ

â Your approach is offensive and rudeâ

â It makes you look both crude and lewdâ

â In essence you treating me like a slutâ

â When you spew at me, all your smutâ

â You need to learn how to be politeâ

â When you want to give a girl an inviteâ

â You are never going to get a girl with classâ

â Unless you get real and quit talking trashâ

â Now if you will excuse me I have to runâ

â Think about what I said, and have fun!â
