## **My Heart will Mend**

I spend everyday thinking about the past,  
I'm not sure why, when the future is so vast,  
But I'm done with that now,  
Forgive but not forget is what i vow,  
So I'm moving on from what happened,  
I have love that will never end,  
If I continue to fail to get you,  
Let it be, til you learn that I love you,  
Ill be there for you whenever, no matter the time,  
Ill give to you until my very last dime,  
Just please be my friend,  
Then maybe my broken heart will mend.
