You threw those words at me like being thrown at the wall

Throwing me

I hope you choke on those words.

You throw me up against the wall like I was nothing,

You ran out of my life like I was never even there,

You talk to me like you didn't care,

You said I love you without meaning it,

So I guess you threw those words at me huh?

Like you throw me at the wall,

I was nothing to you.

Thanks for everything.
