1. MORNING DEW (Hurricane) (Single)

Â

Wake up in the morning at three A.M.Â
Look in the mirror to see what kind of guy I amÂ
See the mist from the window outsideÂ
Know this day is going to be an exotic rideÂ
So I take off my shoes and I run outsideÂ

Wake up in the morning at three A.M.Â
Take a walk to the new museumÂ
See all the decorations and my old friend SamÂ

Oh -- Can I take you out -- to the zooÂ
We'll see Giraffes -- the Monkeys tooÂ
Take a trip to see the great big blueÂ
Whatever else that you want to doÂ

Can I take you out -- to the zooÂ
We'll see the Lions -- the Zebras tooÂ
Take a walk with you through the morning dewÂ
Whatever else that you want to doÂ

Wake up in the morning at two-o-twoÂ
Surprised to see that you're here tooÂ
I don't care what I have to doÂ
I'll take a train -- to L.A.Â
Take a plane -- to Bombay -- ohÂ
Fly a million miles just to see your faceÂ
I don't care if I have to run in the human raceÂ

So -- Can I take you out -- to the zooÂ
We'll see the Pandas -- the Exotics tooÂ
Wake up in the morning at two-o-twoÂ
Take a walk with only youÂ
Find out that you love me tooÂ
My heart simply flies awayÂ
You say that I could be with you every dayÂ
You go and then plan the wedding dayÂ

Can I take you out -- to the zooÂ
We'll see Giraffes -- the Monkeys tooÂ
Wake up in the morning at two-o-twoÂ
Run with you through the morning dewÂ
Fly a million miles just to be with youÂ
There's nothing else that I want to doÂ

Wake up in the morning at three A.M.Â
Look in the mirror to see what kind of guy I amÂ
See you standing outside my window in the morning dewÂ

Alex Sharpe's Song Book

Know that I'm going to get to spend the rest of my life with you -- and only you

Â

2. TAKE ME AWAY (Hurricane)

Â

It is the master of the skiesÂ
That has become my demiseÂ
She calls me by nameÂ
As if I was to blameÂ
The shame is all of my ownÂ
So I take it homeÂ

And you can take me awayÂ
Take everything I haveÂ
Make me homeless once againÂ
Just take me awayÂ

To the darkness of the noonÂ
And the name that is on this tombÂ
That I will forgive all that I have doneÂ
Let all of the hope -- hope, wisdom and loveÂ
Let it soak through my brainÂ
And into this big, deep, dark drainÂ
Taking it's time -- leaving me hanging on the lineÂ
As it slowly drains me awayÂ
It's time to be...Â

So you can take me awayÂ

Take everything I haveÂ

Make me loveless once againÂ

Just take me away -- ay -- ayÂ

And it's not over yetÂ

Tell me you're setÂ

Tell me it's trueÂ
While I still love youÂ
Now that it is all said and doneÂ
My friends and loved ones have all goneÂ
And the God I once knewÂ
Has left me aloneÂ
Now that there is nothing left to doÂ

Alex Sharpe's Song Book

Except sift through these rubble piles that I once call home
Just tell me you're alright
Show me towards the light
And make my home run
Be the last one

Now that it is all said and done
Now that there is no one left alone
Become my demise
And just take me away -- ay -- ay

And you can take me away
Take everything that I have
Make me hopeless once again
Just take everything that I have left
Down to my very last breath
Just take everything that I have left to say
And Just take me Away

^

3. ALL I KNOW (Hurricane) (Single)

^

All I want to see is a matter of fiction
of fake
Every time I see the morning wake
My soul will be take
My soul will be take
My old friend Kate once said to me
No matter what to be or what you see
But every time I find
I find you here
You are right here
You try to hide from me

You're all I want to know
You're everything
All I am
You're all I want to be
All that I can see
You're everything to me
You're all I know
All I know
All I know
You're all that I want to know

All I need to know
Is what you show
All I know is you

What I see is trueÂ
All I see is youÂ
My face is turning blueÂ
All I want is youÂ
You're all I needÂ
You're all I needÂ
All I want to knowÂ
All I want to knowÂ
You're all that I want to knowÂ

Take your time to live and lieÂ
Because I see the dayÂ
When you can't spare a dimeÂ
I've tried to sayÂ
I've tried to prayÂ
Even tried your wayÂ
But all I see is the wayÂ
That I mistook the dayÂ
Someone has to payÂ
I've tried to sayÂ

Why don't you see what I am feeling likeÂ
Our love is like a high-flying kiteÂ
Keeps getting zapped with lightningÂ

Why don't you see me waiting for youÂ
To tell me everything is trueÂ
Love is like cheap glueÂ
It will turn your face blueÂ

So why can't I tryÂ
Why can't I fly awayÂ
To try and try then failÂ
You keep it personalÂ
I feel like Iâm in jailÂ
It was my own personal failÂ
It's what keeps me at bailÂ
My soul is up for saleÂ
I am just telling my taleÂ

You're all I knowÂ
You're all I knowÂ
Love is all I knowÂ
Love is all I knowÂ
All I know is loveÂ
Love is all I knowÂ
That's all I knowÂ
All I know is loveÂ

You're all that I want to knowÂ
You're everythingÂ

All that I can seeÂ
All that I want to beÂ
You're all that I can seeÂ
You're all I knowÂ
You're all I knowÂ
Everything I amÂ
Is falling apart in front of meÂ
Everything that I seeÂ
Is shattering apartÂ
I can barely breatheÂ
You're all I want to knowÂ
You're driving me insaneÂ
I can't refrainÂ
You're all I want to knowÂ
You're everythingÂ
All I amÂ
I cannot relyÂ
So take me awayÂ
You're all I want to beÂ
All I can seeÂ
Just take me awayÂ
Why can't you seeÂ
You're tearing me apartÂ
I cannot breatheÂ
You're all that I can seeÂ
My vision is blurredÂ
It's why I'm so absurdÂ
I'm falling apartÂ
I'm falling apartÂ
I cannot see and I'mÂ
Falling apartÂ
You're everything to meÂ
You're all that I want to knowÂ

So why can't I tryÂ
So why can't I dieÂ
So why can't I fly awayÂ
Why can't I see the dayÂ
Why do I have to payÂ
Why am I feeling this wayÂ

You're all I knowÂ
You're all I knowÂ
Love is all I knowÂ
All I know is loveÂ
Love is all I knowÂ

All I know, All I know, All I know, All I knowÂ
All I know, All I know, All I know, All I knowÂ
Love is all I knowÂ
All I know is loveÂ

All I know is loveÂ
All I know is loveÂ
ALL I KNOW!

Â

4. NEED YOU NOW (Hurricane) (Single)

Â

Because I know the reason whyÂ
Because I see the end in sightÂ
I know the reasons from wrong from rightÂ
But I know you will stay in this fightÂ
Because as long as I have you in my sightÂ
Because you are the one my guiding lightÂ

Because in this world I will findÂ
I will bind together the love tonightÂ
For you to be the one I will findÂ
And if the end is NyeÂ
For you and I for I will find -- yeah I will findÂ
Today I will forget all the timesÂ
I will find out -- yes I will find -- yeah I will find you tonightÂ

But if you are the one I seekÂ
If you become so bleakÂ
If I become so weakÂ
How am I supposed to speakÂ
To find you in the end with me tonightÂ
Because if I can find the reason why tonightÂ
I think about -- yes I think aboutÂ

Because I know about -- yes I know aboutÂ
Because I know about the feelings in the airÂ
With you and me itâ s just not fairÂ

But if you come with me tonightÂ
This feeling in the air you just can't fightÂ
Well I think about -- yeah I think aboutÂ
But all I know is whyÂ
But one thing for sure is that I need you now -- I said I need you now.Â
I don't want to fallÂ
And hurt you on my way downÂ
I loved you so muchÂ
And you knew whyÂ
But now all I can think about is whyÂ
Everywhere I look I sighÂ
and every day I want to dieÂ

Because if I can find actually howÂ

Alex Sharpe's Song Book

For you and I the end is nowÂ
But here on Earth is where we stayÂ
Backed by superstition and prayÂ
The only reason to be so far awayÂ
But there is a reason for and whyÂ
Because you think I don't need youÂ

But if in the end it comes out trueÂ
Just because I know the reason is trueÂ
I think about -- yeah I said I think aboutÂ
How I know is why I showÂ

All these rhythms and rhymesÂ
And I think about -- yeah I think aboutÂ
How I need you now -- yeah I need you nowÂ

But if I can find out whyÂ
But what if I can't say byeÂ
What if it doesn't feel rightÂ
But what if I need you now -- yeah what if I need you nowÂ

What if I could see the lightÂ
See the future in my sightÂ
Tonight is the reason why we fightÂ
Because in the end it comes out rightÂ
Only because the end is tonight -- yeah because the end is tonightÂ

Because I think about -- yeah I think aboutÂ
All the days and times and all I really know is that I need you nowÂ
All these ways and rhymes and all these broken lines and I need you now -- I said I need you now

But if I can find out whyÂ
If I know the reason's NyeÂ
Then why can't I find out whyÂ
Tonight is the reason why we fightÂ

All I know, All I know is that I need you in my sightÂ
I need you in the fightÂ
And all I can think about -- yeah I can think aboutÂ
Is how I need you nowÂ
Yeah all I want to say is justÂ
Is Just one more thingÂ
I need you more than ever nowÂ
And I just want to say one more thingÂ

Yeah I need you nowÂ
Because all I know is one big lieÂ
All because I need you nowÂ

Every time you smile I sighÂ
And the birds in my stomach they fly they flyÂ

But I do not want to fallÂ
And hurt you on my way downÂ
But every single time I tryÂ
To reason your mistakes IÂ
This is the ending where I beginÂ
But it's better than living a life in sinÂ

But every single night and every single dayÂ
I know that without you I'll tryÂ
You're alone your left behindÂ
But every single night and every-single dayÂ
I know that with you I'll stayÂ
But all this time and all this whileÂ
I'm here every time you smileÂ
There's just one thing left to sayÂ
One more thing gone awayÂ
But I need you now -- yeah I need you now

Â

5. HURRICANE (Hurricane) (Single)

Â

The end comes to lifeÂ
and the pain draws in strifeÂ
Pieces of life they come so closeÂ
Everything goes so rightÂ
But at the end there is a lightÂ
So come with me, please don't fightÂ

But I know. I know all the lies. I look into the sky and I see why.Â
Well I knowÂ
I've been here so longÂ
I've been here too longÂ
I've been here so damn longÂ
and I know whyÂ
I know whyÂ
I've been here so longÂ
Because I know my big mistakesÂ
Well these days go byÂ
They are so longÂ
It make me feel rightÂ
With the setting sunÂ
I know whyÂ
We all know whyÂ
I find myself and IÂ

I don't want to die.Â
I've been here too longÂ
I've sung every songÂ

I've seen every war and IÂ
Well I know whyÂ
It's just not fairÂ
Well I am hereÂ
Why it's so sincereÂ
But we live in fearÂ
and I know whyÂ
We're all aroundÂ
and I know what it's likeÂ
and everything goes byÂ
and I am hereÂ
I'm here with youÂ
You're here with meÂ
We're mistaken and I am lostÂ
I just hope that no one aroundÂ
Leaves you behindÂ
Well they don't really knowÂ
I don't care anymoreÂ
Well I've been here too long and IÂ
I just don't care why and I find a wayÂ
To believe and obeyÂ
Everything that I knowÂ

Even when the night washes awayÂ
Every night just drenches awayÂ
And we feel youngÂ
But there's just one thing left to sayÂ
But every dayÂ
I just have one thing to sayÂ
We're all okayÂ

But these nights are coldÂ
These tall tales are all toldÂ
and this matter is molded inÂ
Forever more we're never itÂ
We never had thoughtÂ
But these cold nightsÂ
We know we're alrightÂ
But I just have toÂ
Say one more thingÂ
That is thatÂ
Before we grow oldÂ
We grow apartÂ

There's just one thing left to sayÂ
Before we waste the day like it's nothing elseÂ
We fade awayÂ
and I never knew that you and IÂ
We just never thoughtÂ
that we would not last this longÂ

But I knowÂ
That before we grow oldÂ
We grow apartÂ
And I know that you tell me everything you knowÂ
Well there's not much left to showÂ
And I just can't believe that we're here todayÂ
But every day I just have one thing to sayÂ
Before we grow oldÂ
We grow apartÂ

The sunshine on my back's never felt as good at nowÂ
But then it comes to then when you had that one thingÂ
That made you who you are, and I knowÂ
That you show me everything that comes and goesÂ
Like rain it shows who you really areÂ
I just have one thing left to sayÂ
Well IÂ
Well IÂ
Well I know that you won't showÂ
Me what youÂ
Really areÂ
But I knowÂ
That before we grow oldÂ
We grow apartÂ
Before we grow oldÂ
We grow apartÂ
There's just one thing left to sayÂ
The way that we have left the dayÂ
Yeah there's just one thing left to sayÂ
Before we grow oldÂ
We grow apartÂ
Forevermore

Â

6. KNOWING YOU (Hurricane)

Â

Knowing you with your eyes so blueÂ
You're hair a color of a brownish hueÂ
Live your life like a famous movie starÂ
Got that nice fancy hair-dew and that brand new carÂ
Wear your diamonds and your expensive shoesÂ

I know that you are a sensitive girlÂ
Buy you a ring with a decent pearlÂ
'Cause behind those curls I know that you are a wonderful girlÂ
Seen the fire in your eyes beforeÂ
Found myself knocking at your doorÂ

Knowing you and your friends too
Driving away from me in the car that your father gave to you
But all I know is that I want to be with you

Knock on my window every night
Say that you want to make things right
Put up this huge life-long fight
Just to have you in my sight

Knowing you it's something new
Your hatred for me has made you blue
Take a trip with you to the ocean blue
Fall in love like we were meant to

Knowing you with your eyes so blue
Your hair is a color of a brownish hue
Live your life like a famous movie star
Got that fancy haircut and that brand new car
Wear your diamonds and your expensive shoes

But knowing you I know you love me too
Now I know that I will always be with you
I can finally say that I love you too

7. AGAINST THE WIND (Hurricane) (Single)

^

I live my life against the wind
Don't know why but I suspend
I reach out far I look up
To you I see you in
My life and I know why
We're here
We're Here
But I live my life every day
Every time I spend so long
Living my life
Living the full
I'm up against the wind I know
That I'm here
I'm here and I know all why
You and I we won't die
When we're here
Up against the wind

But all the time and all the while
I see every day you smile

That I know Iâ m hereÂ
against the windÂ
and every time I know whyÂ
I know why you want to dieÂ
and I knowÂ
That we're here and I don't know whyÂ
But live our lives up to the fullÂ
against the windÂ
the windÂ
and all the time and all the whileÂ
we reach every goal and every mileÂ
and I knowÂ
I know why we're and I justÂ
Have to sayÂ
We're up against the windÂ
Against the windÂ
Against the windÂ
Well you say every day that you prayÂ
For an easier life for everythingÂ
To come your wayÂ
But I just have to sayÂ
I just have to say one thingÂ
We live our life every dayÂ
Spending each moment we know we prayÂ
for a lifeÂ
Up against the windÂ
And every day I know whyÂ
We live up against the windÂ
And every day I live stipendÂ
I knowÂ
I know that we're hereÂ
Up againstÂ
Up against the windÂ
The windÂ
The windÂ

So I try to live my lifeÂ
Out with the old and in with the newÂ
everything we know whyÂ
But I knowÂ
Know whyÂ

Well we're hereÂ
Living our livesÂ
Never knowingÂ
Wanting to dieÂ
and we knowÂ
we knowÂ

That we're here upÂ
Up against the windÂ

So this is the last verseÂ
The ending to rehearse andÂ
I knowÂ
I just know one thingÂ
One thingÂ
And there'sÂ
And there's you and meÂ
Here in the endÂ
And we knowÂ
We live our livesÂ
By each dayÂ
We know we just want to sayÂ
Up against the windÂ
The windÂ
The windÂ
We're up against the wind

8. TAKE IT ALL (Hurricane)

Â

Â (TO BE CONTINUED)

Â

9. NINE-OVER-TEN (Hurricane)

Â

It's nine over tenÂ
It's not over whenÂ
It's not over howÂ
It's not over nowÂ

Tell me I mean everything to youÂ
Just how much can you tell me that I am not the one for youÂ
It's something from hellÂ
It's that word that you yellÂ
And your reason to tellÂ

It's that time on the beachÂ
It's the way that you preachÂ
It's not over nowÂ

Why I even try to try I don't know whyÂ
I feel like I really just want to dieÂ
Lie in my bed all day longÂ
Singing to and writing this songÂ

A song about you and only you
About that and my love for you too
You are the one who I love the most
Imagine me with you living along the North-East Coast

It's nine over ten
It's not over when
It's not over how
And it's not over now

Tell me I mean everything to you
Tell me you love me just the way you do
Just how much can you tell me that I am the one for you
I want to make you feel like you matter too

It's nine over ten
It's not over when
It's not over then
And it's not over him
It's not over how
And it's not over now
It nine over ten
And it's not over when

Tell me it's alright
Tell me it's all fine
Well it's not really fair if you don't even care
Why am I even trying to figure out why

Ringling in my ears
Tell me it's alright
Flashing in my eyes
Tell me why it's all night

Well it's nine over ten
It's not over when
It's not over how
And it's not over now

Tell me I mean everything to you
Tell me you love me just the way you do
Just how much can you tell me that I am the one for you
I want to make you feel like you matter too

10. EVERYTHING WILL BE ALRIGHT (Hurricane)

^

Alex Sharpe's Song Book

I've got a feeling -- there's something not rightÂ
It's a feeling that I just cannot fightÂ
Tell my mother and father I'll rightÂ
Just as long as you stay out of my sightÂ
BecauseÂ

Everything will be alrightÂ
Everything will be alrightÂ

Sing us a songÂ
Throw me a rhythmÂ
Know I'm wrongÂ
You're taking it with 'emÂ

Sing us a songÂ
Throw me a hymnÂ
Teach them about all the glorious songsÂ
All of the songs that they have never heardÂ

Teach them about that one timeÂ
That one time when you had it greatÂ
Sending out papers and complex fliersÂ
Because little liars need a hand alsoÂ
So slap a pair of pliers in their handsÂ
So they can learn their way into contrabandÂ
Take that hook off of their fishing polesÂ
Don't matter if they give you the lookÂ

I got a feeling that there's something not rightÂ
It's a feeling that I just cannot fightÂ
Tell my mother and my father that I will be alrightÂ
Just as long as you stay in the fightÂ
BecauseÂ

Everything will be alrightÂ
Everything will be alrightÂ
Everything will be alrightÂ
In the endÂ
Everything will be alright

Â

11. I KNOW YOU TONIGHT (Hurricane)

Â

Â (TO BE CONTINUED)

Â

12. SHINE THROUGH YOU (Hurricane) (Single)

10. EVERYTHING WILL BE ALRIGHT (Hurricane)

Â

Â (TO BE CONTINUED)Â

I can shine through youÂ
Seeing the ways that we never thoughtÂ
But I can shine through youÂ
In ways that I never knew beforeÂ
Shine through youÂ

Being the ways you thought you wereÂ
Back in the day when you were sureÂ
But I can shine through youÂ
The ways that you knewÂ
Were oh so trueÂ
I can see past your hateÂ
Your anger you shedÂ
(TO BE CONTINUED)

Â

13. THE OLD MAN IN BLUE (Hurricane)

Â

Â (TO BE CONTINUED)Â

(Door Creaks Slowly)Â
(Boots Walking)Â
(Man Sits Down)Â
"What'll it be?"Â
"The Usual"Â
"Can I put this on ice for you?"Â
"Sure!"Â
"Here ya' go... Enjoy!"Â
(Man Takes Breath)Â

You know there's a story out there, yes there's a story as old as the wind, but it's true. It's a story of a man, an old man -- the Old Man In Blue...Â

I tell you a story, an old folkloreyÂ
It's the story of two menÂ
One named Jack and another named DrewÂ
Both running right through that morning Texas dewÂ
Laughing at everything and calling each buffoonsÂ
And when they came back upon a man wearing blueÂ
They said to him oh how are you doing tooÂ
But the smell of sweat and the summer-setÂ
Gave them a bit of looking forward to doÂ
For this man was the manÂ
The old man in blueÂ

He told those two to get off of his shoesÂ

And fed them with leadÂ
All up in their headsÂ
He hates themÂ
He told themÂ
To get off of himÂ
Now they are deadÂ
All bloodied all overÂ
Calling out for their mothers and fathersÂ

Now he moves onÂ
Moving ever closerÂ
Moving right back to where you are sackedÂ
He wants youÂ
He sees youÂ
And he needs youÂ
But when you reply with a great big whyÂ
He'll throw you down to the dirty groundÂ
And make you eat dirt with your own eyeÂ

He'll torture you and He'll hurt youÂ
He'll bruise you, he'll taunt youÂ
For they call him the manÂ
The old man in blueÂ
And if you aren't carefulÂ
He'll be coming for youÂ
All it takes is the touch of a clueÂ
And he'll be sending you back to where you came fromÂ
Down and upÂ
And give you just one secondÂ
Before he tears you upÂ
He'll cut youÂ
He'll hurt youÂ
Until you say thank youÂ

He wants you as his ownÂ
And he'll mark you as sameÂ
He'll shoot you up and fill you full of leadÂ
For they call him the manÂ
The old man in blueÂ
And if you aren't carefulÂ
He'll come for youÂ
And all he wants is to see you deadÂ

How could this be?Â
It isn't right don't you seeÂ
Say why oh why has God forsaken meÂ
It takes me right through youÂ
And all the way back to youÂ
Yes they call him the manÂ
The old man in blueÂ
And if you aren't carefulÂ

He'll be coming for youÂ

All it takes is the right cueÂ

He'll be storming down the mountainsÂ

Looking at youÂ

He'll take you to jail and then to prison tooÂ

His face is a hue of the color blueÂ

He tells you it's alrightÂ

And then stays for the fightÂ

Oh they call him the manÂ

The old man in blueÂ

And if he doesn't like youÂ

And if you aren't carefulÂ

He'll come for you

1. GULF WAR (Morning Mourning) (Single)

Â

Through all the beauties we faceÂ

The memories we tend to eraseÂ

My brothers fell into my arms and said to meÂ

Go on and keep fightingÂ

Tell my family I will keep writingÂ

I told myself I can't keep doing this every dayÂ

Watching my friends -- my brothers die in painÂ

All of my friends going home insaneÂ

In my eye I seeÂ

Everything I amÂ

Blown awayÂ

In front of meÂ

Every generation of my grandfathers has fought in a warÂ

Every one of their faces torn from a warÂ

Why can't we stop fightingÂ

Most of my friends have stopped writingÂ
We've been here too longÂ
Lives wasted, Lives goneÂ
Brothers, Sisters, and sons... All GoneÂ

My friends and I keep asking whyÂ
We are in a shallow memoryÂ
I keep seeing sights that aren't seeing meÂ
Keep hearing voices telling me what to beÂ
From what I see we can't stop fighting can weÂ
Sadly this is my memoryÂ

God's telling me why -- am IÂ
If ten-thousand years of war isn't enough to showÂ
Then tell me whyÂ
Because my head is so soreÂ
I've never felt this way beforeÂ
When war came to my front doorÂ

Never felt this way beforeÂ
I go and go and try and tryÂ
But I just can't see the end in sightÂ
Relentlessly I'm fightingÂ
Fearlessly I'm tryingÂ
But I just can't stop the dyingÂ

If this is what we came here forÂ
To be in an endless war forevermoreÂ
Ten-thousand miles an hourÂ
Bullets flying past my faceÂ

Through all of the beauties we faceÂ

All of the memories we tend to eraseÂ

My soul has become an empty placeÂ

When will we put an end to this warÂ

Before we destroy the entire human raceÂ

Where has my soul goneÂ

Where did my friends go wrongÂ

Why do we want to dieÂ

My brothers fell into my arms and said to meÂ

Goodbye

Â

I see you standin' all aloneÂ
by that window in the mirrorÂ
I see you talking to your reflectionÂ
in the water off the pierÂ
You look up at the starsÂ
and say life's too hard to handleÂ
You talk me like there's no one else aroundÂ
You try to reason why your life is so messed upÂ
But there's something in your eye that I see right throughÂ
I can see your ways and see your mistakesÂ
I just think that you are the one no one can findÂ
You are the one no one wants to knowÂ
Well I am the oneÂ
The only one no one compares me tooÂ
But you don't think that I am the right one for you anymoreÂ
But I am the one, the only oneÂ
No one can compare me to or look that far behind and findÂ
That I am not the only one, Iâ m the only oneÂ
I see you waiting thereÂ
Your heir is so mistakenÂ
Taken of life one timeÂ
You think that everything should be so easyÂ
But you just don't know where to goÂ
So I know that you need someoneÂ
To find you here waiting for meÂ
But times going by and every lie you say makes me thinkÂ
That I am not the only oneÂ
The only oneÂ
Well I am the one, the only one no one compares meÂ
I am his one, the only oneÂ
But thereâ s more to life than you or I could surviveÂ

10. EVERYTHING WILL BE ALRIGHT (Hurricane)

Alex Sharpe's Song Book

When thereâs nothing left and everythingâs gone byÂ
The sun goes down and I just can't help but tryÂ
To make you feel here, to make you feel justÂ
But I try to make or bustÂ
In this endless life, so unjust and itâs how I feelÂ
But I feel like I can become the oneÂ
No only one not one at all near oneÂ
But I feel rightÂ
I feel like I should fight

Forget the world I once knewÂ
Been with you forever but all I knowÂ

Is that I did nothing soÂ
Tell me you are find and that you were lyingÂ
See me all alone in a corner cryingÂ
Think about all of the things we didÂ
Since we were both just little kidsÂ

Before everything goes byÂ
When the whole situation just blows byÂ
Maybe you will see that you are killing meÂ
You are not the person that I thought you would beÂ

So forget the world I once knewÂ
Thought that I would always be with youÂ
Everything that you said was always trueÂ
Right down to the bottom of the great big blueÂ
But I know that I love you tooÂ
We had problems in the past just a fewÂ
But now somehow we are both starting anew -- again

1. REMEMBRANCE (Omniscient Hearts)

Â

Being a good singer doesn't make you strong. It's the loving and the caring that turns the wrong to right. Everything goes by me and I see why. You think for the better but you still feel so wrong. No matter which direction you go you are stronger for it. Everything floats past me in the end. Terrified of things I don't have. You have got a perfect life so use it. Use it and you will feel good. One day I will find somewhere far beyond me. Remember that in the end I will be here and remember that I'll see you here somewhere far beyond on the other side and I'll be waiting for you.Â

Remember the times remember the nights that I showed to you long ago and everything went by so easily so strongly so effortlessly. But do you remember all the things and when I was stronger and you were so beautiful.Â

You are to me what I see in you and I have to find in life. Another name another year gone by me. Another life and death that no one will ever find out about. But here we are and we're here to stay. Right fucking in the middle of everything.Â

So stay with me and I will be with you forever baby. I know it is right and I know the light side of you and you will be the one for me to love. Everything, oh everything. Everything goes by me so fast, everything. I don't want to lose you.Â

I'm telling you this as my last message. Can't you ever accept the way you are. You think that everything you do means nothing my dear but you are very mistaken. I love you so much that you can't fight a thousand years to fend it off. Our loves grows stronger every second why can't you realize who you are.Â

We could off and leave everything behind and just be ourselves. Where everything makes since and nothing goes wrong. Time to time I know that you will not want me near you. But right now we just need to realize. Well I still love you.

Â

2. LET HER GO (Omniscient Hearts)

Â

Casey don't you know your luck is too poor to be looking out the window hoping for better. Don't you know that you messed things there is things cannot make up. But you think that you are right. She is so wrong. But you got to let her go. Just let her go. If you let her go everything will be brighter.Â

A really messed life is that what you want. Everything I know to you is wrong. I stand here trying to fight your misery. All the things you've done. Everything I know. I just keep trying to fight it. My vision has become so blurred that you are not the one I think is right. Does this even make since or am I just fucking insane. I am telling you to let her go, you need to let her go. Let her go and everything will make since. You should not be here right now. Why are your right here right now. Unbelievably you followed the wrong sound. It's unjust and it may be unfair. But it's the rules don't you care. Fuck the rules. Fuck the laws. F... everything is that what you want.Â

Let her go, let her go. Let her go, let her go. I need you to let her go right now. Am I seeing this fight between you. You should not even be here with her to be doing this. Why are doing this to a poor misunderstood girl. She's taken you far. She ran away from war. Now you're bringing her right back into it. Oh so mistaken. So fucked. So retarded and I just can't retain.Â

Alex Sharpe's Song Book

Stay away from her, you're a lunatic. She will rape your mind and tell you why. Stay away from, just let her go, and you be in a better mind. But you got to let her go, let her go. Let her go.

Â

3. CITY I DREAM (Omniscient Hearts) (Single)

Â

Â â The City I Dream Â

i- The City I dream Â

ii- Find A Way Â

iii- Left In the Dark(Fall Apart) Â

iv- Powerless fools Â

v- Blue Dream Â

I Â

Iâ m tired of waiting here this city is dark. The people hunt down everything and lurk. They're out of their minds. So filled with hate. But everything Iâ ve seen and all of that I have been. Rising back up again. Well the city which I dream. Never feels so right anymore. The air is too soft to breathe. I fall apart. The city which I dream. You stand up say sit down. The way you talk and look for anyone around. You're here waiting for me. Again and again I see. Well there's nowhere else to be. The city which I dream. The city which I dream. There's a gleam of light, a gleam of light. In this dark, dark, dark place I have fallen down again. I fall asleep at night with all the people they have come to fight I find my way back home. Some place I know. But there's some place, some place I don't know. I don't know. But Iâ m sure I will find. This place is very dark. I don't know where Iâ m going to. This place is very harsh. I don't know what Iâ m going to do. This place is so damn evil I don't know. Â

II Â

People find a way to realize. Somewhere far beyond the clouds I know. Someone's got to find, got to find. People are saying that they are hurt. Well they're just too dumb to learn. Well they have to find, they have to find. Somewhere far beyond this is a place I come to know. Right beyond my heart is home is it not. There's nowhere else to go. People find a way to be. These people chase everything they dream. People need to find a way to focus on anything else then you realize, then you realize. Â

III Â

Well Iâ m left here all alone! alone! alone! Iâ ve been left here all alone. Iâ ve been left behind in the dark by this city that is so fucked. To think for a second that I am not the one would be wrong to me. Is it wrong to you. For a second of thought. I was right. Well Iâ ve been left all alone left behind in the dark. Guide me towards a home. There's nothing left of me. But Iâ m falling apart here. There's nothing left of me. Somewhere I know, someone like you should know. Fall apart, fall apart, fall apart, fall apart, fall apart. Iâ m slowly falling apart. Not a work of art. There's a giant hole in my heart. I think I might be dying now. Well there's a giant hole where my heart should be. Well Iâ m anything but dead. It's all just inside my head. Well Iâ m partially retarded, retarded. Iâ m falling apart! Iâ m falling apart! Iâ m falling apart! my heart is breaking and Iâ m falling apart. Â

IV Â

Echoes in my head they're telling me what to be. Well Iâ m falling apart! falling down and Iâ ve been left alone. Well Iâ m all alone in the dark in the city that I dream. This somewhere has got to be. Iâ m left with my only options. To fight or live! to fight or live! to fight or live. Some powerless fool. There is pettiness in you. Well there is nothing left to do. Say what you want Iâ m through. Iâ ve had it up to here. You're just some powerless fool. Some powerless fool! some powerless fool! you're just some powerless fool. Â

V Â

The city that I dream. It's all filled with gleam. They may have left me alone in the dark. With nowhere to

go and no more heart. Nowhere near a work of art. Instead thereâs a giant hole where my heart should be.
This city which I dream. Left me alone in the dark. Now Iâm all alone in the city which I dream.

Â

4. OMNISCIENT HEARTS (Omniscient Hearts) (Single)

Â

I'm losing my time, I'm losing my mind.Â
I'm losing my place, Stepped out of line.Â
Turn back the clock, I'm turning back the time.Â
How am I supposed to be with you when you're so far out of line?Â
I'm losing my mind, Stepped out of line.Â
Left you far behind, So far out in space!Â

(Chorus) Sweet omniscient hearts, sweet omniscient hearts.Â
Bring me back to you.Â
To a time that's oh so true.Â
I'm telling you it's not the end of the line.Â
There's no one left out there.Â
Color-coded streets, different air.Â
Oh sweet omniscient hearts.Â
Sweet, sweet omniscient hearts.Â
Still raging in my mind, like a dart board.Â

I'm gaining my want, I'm losing my need.Â
Your words come at me like a stampede.Â
I'm sowing my heart back together one piece at a time.Â
My mind is an empty place for you to play and write away.Â
I'm losing my trust, gaining my frust--ration.Â

Oh sweet omniscient hearts, sweet omniscient hearts.Â
Guide me away.Â
Sweet omniscient hearts.Â
I'm telling you it's not the end of the world.Â
It's the end of time.Â
There's no one out there, lost in time.Â
But I don't care.Â

Revolving around.Â
The surface of the world.Â
I hear a cry out.Â
It's a little girl.Â
Still wanting what no one really needs.Â
Cut the grass, smoke some weed.Â
I'm coming back in time to see.Â
Is this what I really need?Â

Singing sweet omniscient hearts.Â
Oh, sweet, sweet omniscient hearts.Â

You're tearing me apart
Like a dart board
I'm all torn and scarred.
Pieces of my heart blasting away today.
I'm losing all self-control.
I'm losing my faith, still gaining the trust.
Stepped out of line, left you far behind.
So far out in space.
Gaining my want, losing my need.
Your words come at me like a stampede.

Oh sweet omniscient hearts.
Sweet omniscient hearts.
Oh sweet, sweet omniscient hearts.
There's a place in time, there's a fire raging.
In my mind.
I left somebody.
Far behind.
When I stepped out of line.

I'm losing my time, I'm losing my mind.
I'm losing my place, Stepped out of line.
Turn back the clock, I'm turning back the time.
You're a sweet omniscient heart.
You're tearing me apart.
Like a dart board.
All torn and scarred.

5. RAIN DANCER (Omniscient Hearts)

^

Paris isn't good enough I need a great escape. I'm seeing sites that are not seeing me. My mind is going completely insane. Fresh off the coke still trying not to smoke. I don't want to be this way anymore. So I want to be a rain dancer. Partying all the time with no limits. I want to be a rain dancer. Dancing all of the anger, the hate, the sadness outside of me.

Can you ever be as much as you really want to be. Do you hear the sound of me chewing on your secret, you've left them all behind. Far away far inside is someone that I know I like and I don't why I feel this way. So I, I, I want to be rain dancer. Playing all the time. I want to be a rain dancer. Never wishing for anything more.

A sacrificial place. A complete minimum wage. Is all that I have ever known. You got it so damn, you think that I should be left out of your life. Come with me to this magical and we will find. A way of peace a way of harmony far into your mind. Leave it all behind.

I want to be a rain dancer. A rain dancer. I wish I was a rain dancer so I could fly away. Fly so far away. I'm never coming back and I hope that it was worth it for you because I am not here anymore in the end.
