The Crops Circle Makers

The Crops Circle Maker

Now I know who they are,

Now I know,

What they are

They didnât come driving

In cars,

But from the stars

They live beneath us Iâm

Pretty sure of,

Like a preacher theyâve

Come to be

Our teachers, wise and

Richer, said,

The screecher

We must learn from them,

About the crops

Circle, to meet an end,

Learning the

Game

The Crops Circle Makers

They are teaching us how

To be systematic

And mathematics, don't

Go lunatic,

Running automatic or

So dramatic

And in this story, who

Are they?

Well don't be afraid, but

Be aware

They are little people making

Hay, builders

From the graves, travelers

From the Milky Way.
