Madness

Madness

*The first time we fell in love
We thought it would be forever
We lasted through the darkest hours
We made it through each other's sadness
Now we need to make it through this madness
The madness that consumes everything
Every love that was ever made*

**** *

*It's another day
Another night alone without you
I feel so cold inside
Consumed by my own-
Madness*

**** *

*I used to know you so well
You knew everything about me too
But why do I wake up alone
Why do you always leave me here
In the dark with no way out
You loved me then but do you love me now
I don't even remember what your lips feel like anymore
Before we say goodbye
Answer me a question
That's always been in my head and until I die
Before I'm dead answer me this
Did you ever really love*

**** *

*It's another day
Another night alone without you
I feel so cold inside
Consumed by my own-
Madness*

(Madness)

The Madness inside me

**** *

*Tell me always
That you will never leave again
Tell me right here right now if you will love me forever
Tell me now
(Now)
The madness
Closing in
On my mind
Never let me go again*

Madness

(Again)

**** ****

*Itâ s another day
Another night alone without you
I feel so cold inside
Consumed by my own-
Madness
(Madness)
This madness inside me will find you*
