

THE SHORTCUT

By : [jhanery](#)

This poem is for those people who once been dumped by their exes. Yes, it sucks! So sometimes, it's fun to imagine how I'd like to revenge.

THE SHORTCUT

Only one road can be taken

To be with you, but itâs broken

Somehow, I wish there is any way I can

Ever do to fix that road again

At nights, I feel you intentionally

Broke the chain just to be free

Said, you wanted me to be happy

I say, âHoney, that was so silly!''

Now, Iâm about to enter this shortcut

Sad for you, this wayâs straight to your heart

Never said I wanted us to be together

Instead, âI want you to be miserable forever!â
