Sometimes writing my emotions helps my aspect on everything else. This poem really helped me realize that.

Burning Pieces 1

```
You lied to me,
you said Iâ d be ok
even though everyday
you see my sadness
You have no idea whatâ s going on
my heart is still shattered
from two years ago
all I wanted was to say no
My life has gotten a little better,
for I have seen my path
god has set up for me,
If only you could see
Happiness is what I want,
but you have no idea how to deliver
the needs I need to survive.
Why canâ t you just try?
Saying iâ m a failure in life,
doesn't help my damed aching heart
Do you want it to be apart!
```

V--- --- f--1

or is it just me?

You make me feel helpless

like a lost puppy with no home

Why donâ t I just leave,

maybe then I can be me

School is only worse,

cyber-bullying and too much more

I donâ t think I can take it

could you?

Love is what I thrive for,

unfortunately Iâ ve never felt it before

Feeling forever alone,

like no one gives a single damn

Sitting in the shower crying,

is starting to get more frequent

Feeling the pain of my heart

rolling down my cheeks

My shattered heart feels like fire,

why do I even bother

to try anymore,

to find your love

Maybe my life will get better

hopefully Iâ ll be healed forever,

but I dought it

my heart is burning in your fire
