TheCommonReich

In 1910 the British Empire official destroyed itâself but gave birth The Commonwealth. Revolution is becoming a major problem in Russiaâs expansive empire. Austro-Hungarian Empire becoming very powerful but the powers of the Ottoman Empire and Italy seem to be trying to stop them. In Germany the lower class are becoming more and more restless with the Kaisers poor rule, meanwhile the Kaiser if such a thing were to happen has enlisted the help of Russia and its satellite states, and the Austro-Hungarian Empire. By 1915 Europe was at breaking point. German lower class were about to rise any time, the Austro-Hungarian Empire was positioning troops on the Italian and Ottoman Greek border. Russiaâs troops were making their way through Europe to help the Kaiser. France had granted military access to the Commonwealth and debating about joining the Commonwealth. By January 1916 the Commonwealth was allied with France, Italy and the Ottoman Empire. On march the 5th 1916 the Kaisers army invaded the Netherlands only to find that in the taking of the town of Almelo it turned out that the Kaisers men had killed 10 Commonwealth citizens, to this day why the citizens were doing in the Netherlands.

With killing of Commonwealth citizens the Commonwealth declared war on the Kaiser and mobilized troops in France and Africa, the Commonwealth also declared its support for the German freedom movement led by Adolf Hitler. The Kaisers allies then declared war on the Commonwealth allies, the Commonwealth, France, Italy and the Ottoman Empire became known as the Common Alliance. The Kaiser, Russia and the Austro-Hungarian Empire became known as Alliance of Kings. The Austro-Hungarian Empire was quick to fight Italy and the Ottoman Empire at the same time. Meanwhile the Russians prepare to cross the Caucasus mountains to take the Commonwealths Middle-East land and maybe India.

In the first month of fighting the Commonwealth move to the Rhone river and get intelligence from the German Freedom movement. Venice fallen to Austro-Hungarian troops, but they werenât so lucky when they underestimated the power of the Ottoman army in Bulgaria. The Russians raid a Persian town by accident, the Persians then ally themselves with the Commonwealth and call a Jihad against Russia. The Commonwealth starts arming the Muslims and send troops to the Ottoman Empire and move troops against Russia.
