The Best of Me and Then Love Found Me : Chapter 1

Karina watched as she saw her family leave her in the house once more as they went out on a family outing. It's been that way since her brother Will left for the army. She knew in her heart that if he found out that his little sister been neglected once more since their birth mother passed away he was going to take her away from their father and his new wife and kids. So being as the neglected child as she once is she gets up and locks her door and turns on her laptop to video chat with her brother Will. Immediately her brother said, " So where's dad and Lydia and the kids at Karina?" Quickly she says, " Oh they went out on a family outing Will."

Will said, " They left you again to fend for yourself Karina?" Before she could come up with a lie, Will said, " That's fucking it!" Karina blinked and said, "What did I do wrong?" Her brother said, " Sis you didn't do nothing wrong, it was our worthless father who did it." Karina got scared and said, " Please don't yell at me, I'm sorry." When Will heard his baby sister cry out he said, " Kar what's wrong baby-girl?" Karina sniffled and said, " After some months or so after you left to join the army daddy hit me with a belt and locked me in a basement and didn't feed me for a month."

Will's Pov

What the fuck did my sister just say? Did I just hear my baby sister say our bastard father hit her and locked her in the basement leaving her to starve for a month? Oh hell no. As soon as Commander Swan gets here I am taking a quick trip to Massachusetts I am grabbing Karina and she is coming back with me. Thank god when I got promoted they paid for me a loft with as many rooms as I wanted. I can't wait until I have legal guardianship of her, because she is all I have left.

Chapter 2: Starting Over and flashbacks and Unexpected Company

Karina's Pov

Since Will came back while dad and the family were on an outing I was free to cook anything I wanted so I took advantage of the situation and made mom's spaghetti, and garlic bread. I made a salad and dessert to go with dinner. I am so happy Will is here to keep me busy. I missed my brother it isn't even funny. After I made dinner I was about to make Will a plate when he told me he was going to make our plates. Of course I was shocked he said because I don't know remember when the last time someone made me plate. I keep thinking about when dad is coming home to lock me in the basement because I am scared he is going to do what he did to me last time I disobeyed his orders.

flashback

Karina was making porkchops for dinner when her father saw what she was making and he hit her saying, " Bitch I didn't say make porkchops I said to make chicken. This is the thanks I get for letting your whore ass stay here since your mother died. Bitch you better be glad that you have a roof over your head. Otherwise you'd be dead like her ass. In fact get on your knees and undo my pants and suck me off."

Before he could make her do what he said Will and Karina's older brother had came in and saw what their father was about to make Karina do to him and tackled their father saying, " You sick bastard what the fuck do you think you are trying to do to my baby sister, you sick fuck?" Their father said, " That whore owes me."

After their older brother Kellan Christopher Woods had restrained their father Will came in and said, " Dad what the fuck possessed you to try to rape your daughter?" Their father remained silent as Will led the police in to arrest his father.

end of flashback

After Karina remembered her flashback she heard her father's car door closed. She panicked a little and Will calmed her down and made her sit down in a chair and drink a glass of cold water. When their father and his family came in their father noticed Will and said in a fake cheery voice, " Son I am glad you're back to visit." Will glared and said, " I want you to sign this guardianship papers so I have custody of Karina." Their father who was now knowed as Walter Woods said, " Why do you want custody of the brat?"

Before Will could respond there was a knock on the door and Karina was about to answer the door when Will said, " Karina sit down." She sat back down in her chair and watched as Will opened the door and saw their older brother Kellan.

Chapter 3: Child Social Services and a lot of Hell, and A New Beginning

When the family got the shock of their lives they realized who was at the door. Kellan said, "Is anyone going to invite me in or am I gonna freeze my ass off outside?" Will shook his head and said, "Come on in Kel." Karina looked at Kellan and said, "Kellan!" He bear hugged his favorite baby sister and said, "Kari-boo, I missed ya jelly bean." Karina giggled and said, "I missed you too brother bear." Will said, "So what brought you into the neighborhood bro?" Kellan smiled in his famous goofy smile and said, "My boss at the dcs (department of child services) assigned me as your social worker, but of course I said yes." Karina said, "You still work part time as a paramedic right?" Kellan smiled and said, "You betcha, okay now old man I demand you sign over your legal rights of Karina to Will."

Their father glared and said, "What makes you think I will do that?" Kellan said, "I got evidence saying you neglected baby sis and abused her." Walter looked at his oldest child and signed the papers and gave them to Kellan as Kellan gave them to Walter. Once the papers were signed the police came in quietly and arrested Walter telling him he was going to be in jail for the rest of his life.

A week later Karina had all her belongings packed up and her mother's will which left her 150 million dollars and the rest of her mother's jewelry. By the time she was done tying up loose ends she and Will left Massachusetts, to go back to Texas to start her new beginning.
