"Vacancy"

"Vacancy"

-

By accident I have chosen

To testify

Upon my behalf

"Help me tug-a-war"

-

"Help me lose"

-

"I don't need your love no more

-

"You're you

So why think not?"

-

"You've had a lot"

-

"Too many punishable feelings got

Me down on

Myself

Too dry

To sell"

-

"I've been avoided

I'm going thru

A hard enough time"

-

"Vacancy"

"Oh, ain't I served

Enough of the same dish

Every night, like this?"

-

"My world is shattering like 'hello' from

An unknown lady

That twittles her thumbs

'I've vacancy', she says

Who gives a fuck?

I'll tie my mornings

Together on a string"

-

"Look me in thee eye

And

See me grin

Slap me silly

It's all for the win

And the victory

Of the glory of to have won

Whatever the the game Death can throw

At silly little ol' me

As a ball bounces down the street

Each time

No, I'm not gona die

Just let me read this and weep"

-

"Vacancy"

"Slashing your thought won't bring me peace

But

At least I'll be able to sleep"
