It all began....

It all began.... : Chapter 1

My name is anna wilcox and this is my story... It all began one night, when i met james darwin, james promised me heaven on earth promised me everything if only i could be his girlfriend, i was 16 and james was 23..seven years older than me..i didnt know what i was doing, i thought he was cool and actually he was handsome a lot..but even till this day i blame myself for not seeing the evil in his eyes..the evil under those good looks..i obliged to becoming his girlfriend after i had thought about it(did i or had i made my mind up before thinking)..i thought about what school would be like when they find out that i'm dating a older guy than any of them could..all these led to my rugged choice.

It all began....

Chapter 2

I and james had been dating for over a month and then one day he told me that we were going to see his friends..it was at this point that i realised that the word girlfriend had a deeper meaning to james than the normal term.james introduced me to his friends,they were sort of not the regular kind of people u come across daily,they were shanky looking and that fact was a bit obvious..i wondered what cool looking guy james would have to do with such people but then when i saw james bring out marijuana i understood."try some" james had said to me after he noticed my discomfort "no"..i had replied turning down the offer.i was from a christain home,i couldnt possibly take marijuana "come on"james said again smiling,i looked into his eyes,he was still the james i knew but dis time he held something dangerous,i looked at his friends it was obvious they didnt like me,they wondered why james would go for me,the innocent type when there were others.noticing my reluctance,james placed da marijuana between my lips and i inhaled it wit pleasure.....

It all began....
