Taste Of What You've Payed For

Taste of What Youâ ve Payed For

Think youâ ll get away from what youâ ve done?

They already found the one.

Didnâ t think you were that nuts

To go all the way and hate my guts.

I know things went downhill,

But did you really have to kill?

You didnâ t have to shout

We couldâ ve figured things out!

Hit me, rape me, cut me,

All because we couldnâ t agree.

Life is hard, yes,

Nonetheless,

You had no right

To kill me with all your might.

They will find you,

Even by the DNA they knew!

Too late,

You are the bait.

The chase has begun

Taste Of What You've Payed For

So don't try to run.

Now it's the end

Where you will attend

The high court.

Nobody's there to support

Your crime.

Don't worry; you won't pay time!

My oh my,

Ever heard of "an eye for an eye"?

You get the same,

You die along with your shame.

I'm no longer alive anymore,

But I can fly and soar.

Nothing wrong with a taste of what you've payed for.
